Profile page - viewing a event card by someone else

The diagram illustrates the flow from a user's profile page to a detailed view of an event card. On the left, a user's profile shows two events: "Ben's awesome lunch" and "Ben's lunch meeting". A blue arrow points from the "Ben's awesome lunch" card to its detailed view on the right. The detailed view shows the event card with the title "Ben's awesome lunch", host "Ben", date "11/11/2020", venue "Fusion Cafe", time "12:00 to 14:00", and confirmed friends "Greg, Matt, Charles". It also lists "Interested friends" "Ben, Shaun", and features three circular buttons: "JOIN", "interested", and "cancel".
